

SCIROCCO webinar - How do you know if you offer a truly integrated care?

Monday, 3 February 2025 | 12h00 to 13h30 (CET) | English

The SCIROCCO tool makes it possible to evaluate the maturity level of integrated care in a region and identifies potential for further development (CIP - continuous improvement process).

During this webinar

- **Alejandro Gil-Salmeron** from IFIC will present SCIROCCO and point out various adaptations of the instrument.
- **Oliver Gröne** from Optimedis in Germany will present the practical application of SCIROCCO.
- **Caryn Mathy** and **Francesca Bosisio** from HEIG VD will report on the practical implementation of the instrument in Vaud.
